

## Call for Special Sessions

The Fusion 2016 Organizing Committee is welcoming proposals for Special Sessions on the theory and application of information fusion. Of particular interest are proposals that address “breaking news” research or topics that may be difficult to categorize for the regular sessions.

### Session Proposal Requirements

Each special session proposal should include an overview of the topic that identifies the relevance of the topic and introduces the papers to be presented. Additionally, special session proposals are more likely to be accepted if they include at least 5 invited papers.

The following information must be included in the special session proposal:

- Title of the proposed special session
- Names and affiliations of the organizers, including brief bio and contact information
- Session abstract, including the significance of the topic and the rationale for the proposed session
- List of invited papers including a tentative title, author list and a short abstract for each paper

### Session Approval Process and Paper Review Process

Special session proposals will be evaluated based on the timeliness of the topic, relevance to the field of information fusion, number of potential papers (assessed from the list of invited papers), as well as the qualifications of the organizers. Once the proposal has been approved, it will be included among the sessions available for authors to submit their papers to.

All papers submitted to a special session will be reviewed through the same review process as the regular papers of the conference to ensure that contributions are of high quality.

If a special session has more papers accepted than the schedule can accommodate, some of the papers might be moved to other relevant sessions.

### Submission Instructions

Proposals should be submitted via email to [special-sessions@fusion2016.org](mailto:special-sessions@fusion2016.org).

For additional information regarding the special sessions, please contact the special session chairs Ondřej Straka ([straka30@kky.zcu.cz](mailto:straka30@kky.zcu.cz)) and Ramona Georgescu ([georgera@utrc.utc.com](mailto:georgera@utrc.utc.com)).

### Important Deadlines

Special Session proposals and Tutorial proposals	Feb. 1, 2016
Notification of acceptance	Feb. 15, 2016

#### Organizing Committee

##### General Chairs

Uwe D. Hanebeck  
Karlsruhe Institute of Technology  
Wolfgang Koch  
Fraunhofer FKIE

##### Technical Chairs

Peter Willett  
University of Connecticut  
Müjdat Çetin  
Sabancı University  
Fredrik Gustafsson  
Linköping University  
Elisa Shahbazian  
OODA Technologies Inc.

##### Program Chairs

Stefano Coraluppi  
Systems & Technology Research  
Lyudmila Mihaylova  
University of Sheffield

##### Local Arrangement Chairs

Marcus Baum  
Karlsruhe Institute of Technology  
Florian Pfaff  
Karlsruhe Institute of Technology

##### Finance Chair

Chee-Yee Chong  
Independent Consultant

##### Publications Chair

Felix Govaers  
Fraunhofer FKIE

##### Tutorials Chair

Sten F. Andler  
University of Skövde

##### Special Sessions Chairs

Ondřej Straka  
University of West Bohemia  
Ramona Georgescu  
United Tech. Research Center

##### Publicity Chair

Felix Opitz  
Airbus Defence and Space

##### Awards Chair

Roy Streit  
Metron Inc.  
Xiao-Rong Li  
University of New Orleans
